## NOTE 1 SIGNIFICANT EVENTS

### 1.1 Significant events of the first nine months of 2019

The principal corporate actions and acquisitions of the first nine months of 2019 are presented below:

- On 18 January 2019, Bouygues Telecom finalised the acquisition of a 43.6% equity interest in Keyyo at a price of €34 per share, representing an investment of €29 million. Following two voluntary public tender offers for the entire remaining equity capital at the same price per share, Bouygues Telecom now holds an equity interest of 100% (including treasury shares), representing an investment of €61 million. As of the date control was obtained, provisional goodwill of €51 million was recognised pending finalisation of the purchase price allocation; the impact on net debt was €61 million.
- On 6 February 2019, the European Commission rejected the merger between Alstom and Siemens, who decided not to challenge that decision. The proposed merger was therefore abandoned.
- On 12 February 2019, Bouygues Construction filed arbitration proceedings against Alpiq following differences of opinion as to the amount of the final purchase price adjustment determined in connection with the sale of the services and engineering operations in 2018. Bouygues Construction is claiming an amount of CHF 205.1 million (€186 million), while Alpiq is claiming a payment of CHF 12.9 million (€12 million).
- On 14 February 2019, Colas announced that it had signed an agreement to sell Smac to a subsidiary of OpenGate Capital. Effective completion of the transaction occurred on 20 May 2019 after all the conditions precedent had been fulfilled, in particular approval from the competition authorities. This divestment reduces sales by approximately €600 million on an annual basis, and did not have a material impact on operating profit for the first nine months of 2019.
- On 21 February 2019, Bouygues Telecom and Dzeta Partners announced that they had reached an agreement for Bouygues Telecom to acquire 100% of the capital and voting rights of Nerim. The acquisition was completed on 13 March 2019 at a price of €55 million. As of the date control was obtained, provisional goodwill of €45 million was recognised pending finalisation of the purchase price allocation; the impact on net debt was €54 million.
- On 28 February 2019, Newen announced the acquisition of a 60% equity interest in De Mensen at a price of €18 million. As of the date control was obtained, provisional goodwill of €14 million was recognised pending finalisation of the purchase price allocation; the impact on net debt was €28 million, including the acquisition of the residual 40% interest which will be completed in stages between 2022 and 2028.
- On 7 May 2019, the Annual General Meeting of Alstom shareholders approved a dividend of €5.50 per share, as a result of which Bouygues received €341 million in cash on 17 July 2019.
- On 12 September 2019, Bouygues SA announced that it had divested a 13% equity interest in Alstom at a price of €37 per share (a total of €1,079 million), through a placement by way of an accelerated book-building with institutional investors. A net gain of €172 million has been recognised in consolidated net profit for the first nine months of 2019, in "Share of net profits/(losses) of joint ventures and associates". The residual 14.7% stake held by Bouygues in Alstom following the divestment continues to be accounted for by the equity method in "Investments in joint ventures and associates". Bouygues has given an undertaking to the banks managing the placement to retain these shares for a 180-day lock-up period, subject to customary exceptions.

## 1.2 Significant events of the first nine months of 2018

The principal corporate actions and acquisitions of the first nine months of 2018 are presented below:

- On 12 January 2018, the French government and Arcep (the French telecoms regulator) signed the “New Deal Mobile” agreement with the four mobile operators, aimed at extending quality mobile coverage to the French population. The desired objective of digital roll-out across French territory led to stringent coverage obligations being imposed on the operators, in return for a ten-year renewal of their licences to use frequencies in the 900 MHz, 1800 MHz and 2100 MHz bands. Given that Bouygues Telecom’s currently valid licences expire in 2022 (2100 MHz band) and in 2024 (900 MHz and 1800 MHz bands), Arcep (in decision No. 2018-0680 of 3 July 2018) amended the existing frequency licences to incorporate the new roll-out requirements. Subsequently (in decision No. 2018-1390 of 15 November 2018), Arcep formally renewed the 900 MHz, 1800 MHz and 2100 MHz licences for a further ten years. Consequently, Bouygues Telecom now holds licences to use the 900 MHz and 1800 MHz bands until 8 December 2034, and the 2100 MHz band until 11 December 2032. All frequency bands are now technologically equivalent, and hence can be used independently for 2G/3G/4G. In parallel, on 28 September 2018 the French government issued a new decree on licence fees, which stabilises the level of such fees from now on. Consequently, Bouygues Telecom reversed out an accrued expense recognised from 2014 to 2017, which covered the risk of a rise in the fixed portion of the 1800 MHz frequency licence fee. The accrued expense, amounting to €110 million, was reversed out in the third quarter of 2018 and recognised in “Other operating income” in the consolidated income statement.
- On 17 January 2018, an agreement was signed for the acquisition by the TF1 group of the Axel Springer group’s majority equity interest of 78.07% in the aufeminin group, which in its financial year ended 31 December 2017 generated sales of €113 million and an operating profit of €12 million. The acquisition was completed on 27 April 2018 at a price of €39.47 per share, or €294 million in total. On 22 May 2018, TF1 filed a mandatory simplified tender offer for the remaining shares at the same price. That offer closed on 4 July 2018, and was followed by a squeeze-out procedure filed on 3 October 2018. Having been approved on 16 October 2018, the squeeze-out was launched on 19 October 2018 and closed on 1 November 2018, giving the TF1 group 100% of the shares and voting rights of the aufeminin group. As of the date control was obtained, net debt increased by €332 million, and provisional goodwill after the purchase price allocation amounted to €204 million. On completion of the 12-month purchase price allocation period, that provisional goodwill became final.
- In line with the memorandum of understanding signed on 30 August 2017, Colas completed the acquisition of the entire share capital of the Miller McAsphalt group on 28 February 2018. The Miller McAsphalt group is a major player in road construction and bitumen distribution in Canada, with a particularly strong presence in Ontario. Over the last three years, it has generated average annual sales of approximately CAD 1.3 billion; it employs 3,300 people. The purchase price paid on the completion date was CAD 953 million, equivalent to €611 million. Out of the total purchase price, €410 million was financed by debt. As of the date control was obtained, net debt increased by €555 million, and provisional goodwill after the purchase price allocation amounted to €90 million. On completion of the 12-month purchase price allocation period, that provisional goodwill became final.
- On 26 March 2018, Bouygues Construction and Colas announced the acquisition of the entire share capital of Alpiq Engineering Services, which specialises in hard and soft services in construction and in energy, industrial and transport infrastructures. Alpiq Engineering Services employs nearly 7,650 people and generated sales of approximately CHF 1.7 billion in 2017, mainly in Switzerland (57%), Germany (24%) and Italy (12%). Following clearance from the European and Swiss competition authorities on 11 July 2018, the acquisition was completed on 31 July 2018 on the basis of an enterprise value of CHF 850 million (CHF 700 million for Bouygues Construction and CHF 150 million for Colas Rail). As of the date control was obtained, net debt increased by €619 million, and provisional goodwill after the purchase price allocation amounted to €563 million. On completion of the 12-month purchase price allocation period, that provisional goodwill became final, amounting to €640 million as of 30 September 2019.

- Under the agreement of 31 January 2017 between Bouygues Telecom and Cellnex (Spain), transfers of the 1,800 existing telecoms sites continued during the first nine months of 2018. As of 31 December 2017, 715 sites were presented in the balance sheet as “Held-for-sale assets”, at a carrying amount of €38 million. During the first nine months of 2018, 594 sites were transferred to Cellnex for a total of €169 million. “Held-for-sale assets” was reduced to €10 million to reflect the reduction in the number of sites still held by Bouygues; the resulting gain of €120 million was recognised in “Other operating income” in the consolidated income statement for the first nine months of 2018. The sale of the 1,200 new sites is being spread over a five-year period as and when the sites are constructed.
- The TF1 group and the non-controlling shareholders of Newen Studios, a 70%-owned subsidiary of TF1, signed an agreement on 5 April 2018 with a view to the acquisition by TF1 of the remaining 30% of the share capital and voting rights, giving TF1 100% of Newen Studios. This transaction took place on 5 July 2018, following clearance from the French Competition Authority on 3 July 2018, and was recognised in the financial statements for the third quarter of 2018. The additional acquisition, amounting to €96 million, had already been recognised as a financial liability as of 31 December 2017.
- On 28 May 2018, Bouygues Construction announced the acquisition of AW Edwards, a well-established Australian construction company. The acquisition, finalised on 5 July 2018 and recognised in the financial statements for the third quarter of 2018, marked a further step in the Group’s development strategy in Australia and strengthened its position in the construction market. The company generated sales of AUD 277 million in 2017 and employs 250 people. As of the date control was obtained, provisional goodwill of €43 million was recognised pending finalisation of the purchase price allocation; the impact on net debt was immaterial. On completion of the 12-month purchase price allocation period, that provisional goodwill became final.
- On 17 July 2018, the Alstom shareholders approved resolutions relating to the proposed merger between Alstom and the Siemens Mobility businesses. The merger was subject to clearance from the competition authorities, and was expected to be finalised in the first half of 2019. The Alstom shareholders also approved the renewal of the terms of office as Directors of Olivier Bouygues and Bouygues SA (standing representative: Philippe Marien). On 17 July 2018, the commitment by Bouygues to retain its Alstom shares (as described in the consolidated financial statements for the year ended 31 December 2017) ended. On 6 February 2019, the European Commission rejected the merger between Alstom and Siemens, who decided not to challenge that decision. The proposed merger was therefore abandoned.

### 1.3 Significant events and changes in scope of consolidation subsequent to 30 September 2019

- The Group is not aware of any significant events subsequent to the end of the reporting period.

## NOTE 2 GROUP ACCOUNTING POLICIES

### 2.1 Declaration of compliance

The interim condensed consolidated financial statements of Bouygues and its subsidiaries (“the Group”) for the nine months ended 30 September 2019 were prepared in accordance with IAS 34, “Interim Financial Reporting”, a standard issued by the International Accounting Standards Board (IASB) and endorsed by the European Union. Because they are condensed, these financial statements do not include all the information required under the standards issued by the IASB, and should be read in conjunction with the full-year financial statements of the Bouygues group for the year ended 31 December 2018.

They were prepared in accordance with the standards issued by the IASB as endorsed by the European Union and applicable as of 30 September 2019. Those standards (collectively referred to as “IFRS”) comprise International Financial Reporting Standards (IFRSs), International Accounting Standards (IASs), and interpretations issued by the IFRS Interpretations Committee – previously the International Financial Reporting Interpretations Committee (IFRIC), itself the successor body to the Standing Interpretations Committee (SIC). The Group has not early adopted as of 30 September 2019 any standard or interpretation not endorsed by the European Union.

Unless otherwise indicated, the financial statements are presented in millions of euros, the currency in which the majority of the Group’s transactions are denominated; they comprise the balance sheet, the income statement, the statement of recognised income and expense, the statement of changes in shareholders’ equity, the cash flow statement, and the notes to the financial statements.

### 2.2 Basis of preparation of the financial statements

The condensed interim consolidated financial statements of the Bouygues group include the financial statements of Bouygues SA and its five business segments.

They were closed off by the Board of Directors on 13 November 2019.

The interim condensed consolidated financial statements for the nine months ended 30 September 2019 were prepared in accordance with IFRS using the historical cost convention, except for certain financial assets and liabilities measured at fair value where this is required under IFRS. They include comparatives with the financial statements for the year ended 31 December 2018, as restated (see Note 13) for the application of IFRS 16 and IFRIC 23 from 1 January 2019; and with the financial statements for the nine months ended 30 September 2018, as restated for the application of IFRS 16.

Accounting policies specific to the interim condensed consolidated financial statements are as follows:

- Income taxes of consolidated entities for interim periods are assessed in accordance with IAS 34: the income taxes of each entity for the period are recognised on the basis of the best estimate of the average annual effective income tax rate for the financial year (except in the case of holding companies, which recognise income taxes on the basis of the actual tax position at the end of the period).
- Expenses recognised in the period for employee benefits in France are determined pro rata based on the estimated expense for the full year, calculated using the same actuarial assumptions and projections as those applied as of 31 December 2018 except for the iBoxx discount rate, which was reduced from 2.10% as of 31 December 2018 to 0.58% as of 30 September 2019. That reduction in the discount rate resulted in an increase of €103 million in the provision for lump-sum retirement benefits, recognised in the statement of recognised income and expense. A further reduction of 50 basis points in the discount rate would increase the provision by €47 million.

## 2.3 New accounting standards and interpretations

The Bouygues group applied the same standards, interpretations and accounting policies for the nine months ended 30 September 2019 as were applied in its consolidated financial statements for the year ended 31 December 2018, except for changes required to meet new IFRS requirements applicable from 1 January 2019 as described below.

- New standard and interpretation effective within the European Union and mandatorily applicable from 1 January 2019:

- **IFRS 16: Leases**

On 13 January 2016, the IASB issued IFRS 16, “Leases”, replacing IAS 17 and the associated IFRIC and SIC interpretations. The new standard was endorsed by the European Union on 31 October 2017 and is applicable from 1 January 2019. The Group did not early adopt this new standard. Bouygues has applied IFRS 16 from 1 January 2019, and for first-time application elected the retrospective approach with presentation of a comparative year.

The estimated impacts of applying IFRS 16 on the financial statements as of 30 September 2018 and 31 December 2018 are presented in Note 13.

- **IFRIC 23: Uncertainty Over Income Tax Treatments**

On 7 June 2017, the IFRS Interpretations Committee issued IFRIC 23. IFRIC 23 clarifies the accounting treatments used to recognise the fiscal consequences of uncertainties relating to income taxes. IFRIC 23 was endorsed by the European Union on 23 October 2018 and is applicable from 1 January 2019. The Group did not early adopt IFRIC 23.

The impact of applying IFRIC 23 as of 1 January 2019 was not material, and is presented in Note 13.

## 2.4 Financial indicators

### 2.4.1 EBITDA after Leases

“EBITDA after Leases” is defined as “Current operating profit after Leases” (i.e. current operating profit after taking account of interest expense on lease obligations), before (i) net depreciation and amortisation expense on property, plant and equipment and intangible assets, (ii) net charges to provisions and impairment losses, and (iii) effects of acquisitions of control or losses of control. Those effects relate to the impact of remeasuring previously-held interests or retained interests.

In the first nine months of 2018, the tax-exempt competitiveness and employment tax credit (*CICE*) to which French companies were entitled was recognised in current operating profit, as a reduction in personnel costs. With effect from 1 January 2019, the *CICE* has been replaced by a reduction in the employer’s payroll-based contribution, which increases the tax base.

The main components of current operating profit included in the line items “Other income from operations” and “Other expenses on operations” are net foreign exchange differences on commercial transactions, gains and losses on disposals of non-current assets, profits and losses from joint operations, royalties on the licensing of patents, and (in the case of Colas) revenue from sales of raw material (bitumen) to asphalt and emulsion entities in the form of *Sociétés en Participation* (SEPs) or economic interest groupings that subsequently sell the asphalt and emulsion back to Colas.

Profits and losses from joint operations represent the Group’s share of profits or losses from non-consolidated companies (SEPs, etc.), for example those that operate asphalt and binder production facilities.

## 2.4.2 Net debt/Net surplus cash

Net debt (or net surplus cash) is obtained by aggregating the following items:

- cash and cash equivalents;
- overdrafts and short-term bank borrowings;
- non-current and current debt;
- financial instruments (used to hedge financial liabilities measured at fair value).

Net debt/net surplus cash does not include non-current and current lease obligations.

A positive figure represents net surplus cash and a negative figure represents net debt.

## 2.4.3 Free cash flow after changes in working capital requirements

“Free cash flow after changes in working capital requirements” is defined as net cash flow (determined after (i) cost of net debt, (ii) interest expense on lease obligations and (iii) income taxes paid), minus net capital expenditure and repayments of lease obligations.

It is calculated after changes in working capital requirements related to operating activities.

## 2.4.4 Changes in working capital requirements related to operating activities

“Changes in working capital requirements related to operating activities” as presented in the cash flow statement is obtained by aggregating the following items:

- net change in inventories and work in progress;
- net change in advances and down-payments made on orders;
- net change in trade receivables;
- net change in customer contract assets;
- net change in trade payables;
- net change in customer contract liabilities;
- net change in current provisions;
- net change in other current asset and liability items, excluding (i) income taxes; (ii) net cash and cash equivalents and current debt; (iii) hedging instruments; (iv) current lease obligations; and (v) receivables/liabilities related to property, plant and equipment and intangible assets.

## NOTE 3 NON-CURRENT ASSETS

### 3.1 Goodwill

#### 3.1.1 Movement in the carrying amount of goodwill in the period

	Carrying amount
<b>31/12/2018 restated</b>	<b>6,301</b>
Changes in scope of consolidation	206 <sup>a</sup>
Impairment losses	
Other movements (including translation adjustments)	30
<b>30/09/2019</b>	<b>6,537</b>

(a) Includes goodwill of €51m and €45m on the acquisitions of Keyyo and Nerim respectively by Bouygues Telecom; €77m for an additional adjustment to the Alpiq Engineering Services opening balance sheet; and goodwill of €14m on the acquisition of De Mensen by TF1.

The table below shows how provisional or final goodwill as at 30 September 2019 was determined for significant acquisitions made since 31 December 2017 (including adjustments made during the 12-month purchase price allocation period).

	Miller McAsphalt	Alpiq Engineering Services	aufeminin	De Mensen	Keyyo	Nerim
<b>Purchase price (I)</b>	<b>611</b>	<b>443</b>	<b>294</b>	<b>18</b>	<b>57</b>	<b>55</b>
<b>Net assets acquired, excluding goodwill (II)</b>						
Non-current assets	(282)	(211)	(11)	(10)	(10)	(13)
Current assets	(279)	(524)	(100)	(20)	(13)	(6)
Non-current liabilities	54	115	44	2	7	
Current liabilities	119	817	9	22	10	9
<b>Purchase price allocation (III)</b>						
Remeasurement of acquired intangible assets	(103)		(77)			
Remeasurement of acquired property, plant and equipment	(67)					
Remeasurement of assumed liabilities (deferred taxes & other)	37		20			
Unacquired portion			25	2		
<b>Goodwill (I)+(II)+(III)</b>	<b>90 <sup>a</sup></b>	<b>640 <sup>a</sup></b>	<b>204 <sup>a</sup></b>	<b>14</b>	<b>51</b>	<b>45</b>
Translation adjustments	6	22				
<b>Goodwill at 30/09/2019</b>	<b>96</b>	<b>662</b>	<b>204</b>	<b>14</b>	<b>51</b>	<b>45</b>

(a) Provisional goodwill that became final during the first nine months of 2019.

### 3.1.2 Split of goodwill by Cash Generating Unit (CGU)

CGU	30/09/2019		31/12/2018 restated	
	Total	% Bouygues or subsidiaries	Total	% Bouygues or subsidiaries
Bouygues Construction <sup>a</sup>	1,074	99.97%	975	99.97%
Colas <sup>b</sup>	1,319	96.66%	1,292	96.65%
TF1 <sup>b</sup>	1,400	43.73%	1,386	43.80%
Bouygues Telecom <sup>b</sup>	2,744	90.53%	2,648	90.53%
<b>Total</b>	<b>6,537</b>		<b>6,301</b>	

(a) Only includes goodwill on subsidiaries acquired by the CGU.

(b) Includes goodwill on subsidiaries acquired by the CGU and on acquisitions made at parent company (Bouygues SA) level for the CGU.

In the absence of any evidence of impairment, the goodwill recognised as of 30 September 2019 has not been subject to further impairment testing.

### 3.2 Investments in joint ventures and associates

An analysis by business segment of the share of net profits/losses of joint ventures and associates is provided in Note 11.

	Carrying amount
<b>31/12/2018 restated</b>	<b>2,633</b>
Share of net profit/(loss) for the period	286
Translation adjustments	90 <sup>a</sup>
Other income and expense recognised directly in equity	(99) <sup>b</sup>
<b>Net profit/(loss) and other recognised income and expense</b>	<b>277</b>
Changes in scope of consolidation	(993)
Other movements (dividends, etc.)	(362) <sup>c</sup>
<b>30/09/2019</b>	<b>1,555</b>

(a) Includes an increase of €61m for Alstom, mainly related to derecognition of cumulative translation adjustments in order to calculate the gain on the divestment of shares in Alstom.

(b) Includes a decrease of €73m for Alstom, mainly related to derecognition of actuarial gains and losses previously recognised in "Other transactions" within consolidated reserves.

(c) Includes €341m of dividends from Alstom.

The carrying amount of investments in joint ventures and associates has decreased by €1,078 million, mainly as a result of changes in scope of consolidation (primarily Alstom).

The profit contribution from Alstom recognised in the Bouygues group's financial statements for the third quarter of 2019 is based on the results published by Alstom on 6 November 2019 for the first half of its 2019/20 financial year. Given the time-lag between the accounting year-ends of Alstom (31 March) and Bouygues (31 December), Alstom's net profit contribution to the Bouygues group for the second half of Alstom's 2018/19 financial year was recognised in the Bouygues financial statements as of 31 March 2019.

Alstom's contribution to the net profit of Bouygues for the first nine months of 2019 was €238 million, which includes a net gain of €172 million following the divestment of a 13% equity interest (see Note 1.1). The contribution for the first nine months of 2018 was €230 million.

The investment in Alstom had a carrying amount of €974 million in the Bouygues group financial statements as of 30 September 2019. This compares with €2,087 million as of 31 December 2018.

## NOTE 4 CONSOLIDATED SHAREHOLDERS' EQUITY

### Share capital of Bouygues SA

As of 30 September 2019, the share capital of Bouygues SA comprised 372,473,948 shares with a par value of €1.

	31/12/2018	Movements during 2019		30/09/2019
		Increases	Reductions	
Shares	372,377,939	965,841 a	(869,832) b	372,473,948
<b>NUMBER OF SHARES</b>	<b>372,377,939</b>	<b>965,841</b>	<b>(869,832)</b>	<b>372,473,948</b>
Par value	€1			€1
<b>SHARE CAPITAL (€)</b>	<b>372,377,939</b>	<b>965,841</b>	<b>(869,832)</b>	<b>372,473,948</b>

(a) The increase of 965,841 shares was due to new shares being issued on exercise of stock options.

(b) The reduction reflects the cancellation of 869,832 treasury shares acquired by Bouygues SA on 4 January 2019, which reduced share capital and share premium by €32m.

An amount of €16 million was received in January 2019 from the capital increase carried out in connection with the Bouygues Confiance n°10 employee share ownership plan in December 2018.

## NOTE 5 NON-CURRENT AND CURRENT PROVISIONS

### 5.1 Non-current provisions

	Long-term employee benefits <sup>a</sup>	Litigation and claims <sup>b</sup>	Guarantees given <sup>c</sup>	Other non-current provisions <sup>d</sup>	Total
<b>31/12/2018 restated</b>	<b>818</b>	<b>286</b>	<b>377</b>	<b>561</b>	<b>2,042</b>
Translation adjustments	3		1	3	7
Changes in scope of consolidation	28	(1)	2	3	32
Charges	67	26	37	27	157
Reversals of provisions (utilised or unutilised)	(57)	(51)	(39)	(84)	(231) <sup>e</sup>
Actuarial gains and losses	133				133 <sup>f</sup>
Transfers and other movements	(2)		1	25	24
<b>30/09/2019</b>	<b>990</b>	<b>260</b>	<b>379</b>	<b>535</b>	<b>2,164</b>

<b>(a) Long-term employee benefits</b>	<b>990</b>	<b>Principal segments involved:</b>	
Lump-sum retirement benefits	631	Bouygues Construction	387
Long-service awards	144	Colas	402
Other long-term employee benefits	215	TF1	
		Bouygues Telecom	103
<b>(b) Litigation and claims</b>	<b>260</b>	Bouygues Construction	96
Provisions for customer disputes	87	Bouygues Immobilier	19
Subcontractor claims	55	Colas	176
Employee-related and other litigation and claims	118	Bouygues Telecom	51
<b>(c) Guarantees given</b>	<b>379</b>	Bouygues Construction	303
Provisions for 10-year construction guarantees	261	Bouygues Immobilier	23
Provisions for additional building/civil engineering/civil works guarantees	118	Colas	53
<b>(d) Other non-current provisions</b>	<b>535</b>	Bouygues Construction	75
Provisions for risks related to official inspections	111	Colas	199
Provisions for miscellaneous foreign risks	24	Bouygues Telecom	136
Provisions for subsidiaries and affiliates	65		
Dismantling and site rehabilitation	298		
Other non-current provisions	37		

**(e) Including reversals of unutilised provisions in the first nine months of 2019** (63)

**(f) Impacts arising from a change in the Iboxx A10+ rate (0.58% in September 2019, versus 2.10% in December 2018) and in the discount rates on pension obligations for the Group (especially in Switzerland), partly offset by an update to employee turnover tables at Colas.**

## 5.2 Current provisions

Provisions related to the operating cycle	Provisions for customer warranties	Provisions for project risks and project completion	Provisions for expected losses to completion	Other current provisions	Total
<b>31/12/2018 restated</b>	<b>40</b>	<b>370</b>	<b>343</b>	<b>242</b>	<b>995</b>
Translation adjustments		4	1	4	9
Changes in scope of consolidation		(4)	28	(2)	22
Charges	4	93	199	75	371
Reversals of provisions (utilised or unutilised)	(7)	(103)	(158)	(87)	(355) <sup>a</sup>
Transfers and other movements	(1)		1	(1)	(1)
<b>30/09/2019</b>	<b>36</b>	<b>360</b>	<b>414</b>	<b>231</b>	<b>1,041</b>

(a) Includes reversals of unutilised provisions in the first nine months of 2019: €87m.

## NOTE 6 NON-CURRENT AND CURRENT DEBT

### 6.1 Breakdown of debt

	Current debt		Non-current debt	
	30/09/2019	31/12/2018 restated	30/09/2019	31/12/2018 restated
Bond issues	2,119	1,098	2,825	3,820
Bank borrowings	140	102	1,920	1,151
Other borrowings	38	40	89	77
<b>TOTAL NON-CURRENT AND CURRENT DEBT</b>	<b>2,297</b>	<b>1,240</b>	<b>4,834</b>	<b>5,048</b>

The €214 million reduction in non-current debt relates primarily to Bouygues SA, and includes the reclassification from non-current to current of the €1,000 million bond issue maturing July 2020. That change was partly offset by increases of €611 million at Colas and €144 million at Bouygues Telecom.

The €1,057 million increase in current debt was mainly due to the reclassification from non-current to current of the €1,000 million Bouygues SA bond issue maturing July 2020.

The commercial paper issued by Bouygues SA during the first half of 2019 was redeemed in the third quarter of 2019 following the partial divestment of the equity interest in Alstom (see Note 1.1).

### 6.2 Covenants and trigger events

All bond issues other than that maturing in 2020 contain a change of control clause relating to Bouygues SA.

The bank credit facilities contracted by Bouygues SA contain no financial covenants or trigger event clauses. The same applies to facilities used by Bouygues SA subsidiaries, except for the €484 million financing obtained by Colas in Canada which temporarily includes a leveraged covenant clause based on the debt to EBITDA ratio as defined in the contract.

## NOTE 7 CHANGE IN NET DEBT

	31/12/2018 restated	Translation adjustments	Changes in scope of consolidation	Cash flows	Fair value adjustments	Other <sup>c</sup> movements	30/09/2019
Cash and cash equivalents	2,928	31	7	(103)		33	2,896
Overdrafts and short-term bank borrowings	(238)	32	(2)	(106)		(33)	(347)
<b>NET CASH POSITION (A)</b>	<b>2,690</b>	<b>63 <sup>a</sup></b>	<b>5 <sup>a</sup></b>	<b>(209) <sup>a</sup></b>			<b>2,549</b>
Non-current debt	5,048	28	10	749 <sup>b</sup>	(2)	(999)	4,834
Current debt	1,240	1	8	42 <sup>b</sup>		1,006	2,297
Financial instruments, net	14			1	46		61
<b>TOTAL DEBT (B)</b>	<b>6,302</b>	<b>29</b>	<b>18</b>	<b>792</b>	<b>44</b>	<b>7</b>	<b>7,192</b>
<b>NET DEBT (A) - (B)</b>	<b>(3,612)</b>	<b>34</b>	<b>(13)</b>	<b>(1,001)</b>	<b>(44)</b>	<b>(7)</b>	<b>(4,643)</b>

(a) Net cash outflow of €141m for the first nine months of 2019, as reported in the cash flow statement.

(b) Net cash inflow of €791m from financing activities for the first nine months of 2019, as reported in the cash flow statement, and comprising total inflows of €1,150m and total outflows of €359m.

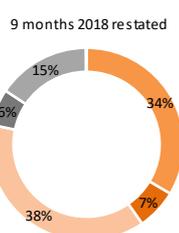

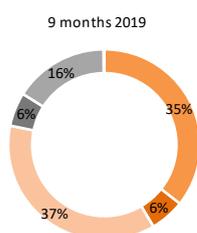

(c) Other movements mainly comprise TF1's commitment to buy out the non-controlling interests in De Mensen, which increased net debt by €11m.

## NOTE 9 OPERATING PROFIT

	9 months		3rd quarter	
	2019	2018 restated	2019	2018 restated
<b>CURRENT OPERATING PROFIT</b>	<b>1,118</b>	<b>858</b>	<b>665</b>	<b>525</b>
Other operating income	66	242	12	133
Other operating expenses	(16)	(44)	(4)	(15)
<b>OPERATING PROFIT</b>	<b>1,168</b>	<b>1,056</b>	<b>673</b>	<b>643</b>

See Note 11, “Segment information”, for an analysis of current operating profit and operating profit by business segment.

The main components of “Other operating income” and “Other operating expenses” are:

### First nine months of 2019

Bouygues Telecom: Net income of €60 million, comprising a €58 million gain on the transfer of 284 sites and 15 towers to Cellnex plus €8 million of other operating income, partly offset by a €6 million expense on the roll-out of network sharing.

Bouygues Construction: €10 million of restructuring expenses.

### First nine months of 2018 (restated)

Bouygues Telecom: Bouygues Telecom: €214 million, comprising a €127 million gain on the transfer of 594 sites and 30 towers to Cellnex plus the €110 million reversal of the accrued expense previously recognised for Arcep licence fees and €5 million of other operating income, partly offset by a €28 million expense on the roll-out of network sharing.

TF1: Amortisation of €16 million charged against the fair value of rights remeasured as part of the Newen Studios purchase price allocation.

## NOTE 10 INCOME TAXES

	9 months		3rd quarter	
	2019	2018 restated	2019	2018 restated
<b>INCOME TAX GAIN/(EXPENSE)</b>	<b>(325)</b>	<b>(265)</b>	<b>(193)</b>	<b>(207)</b>

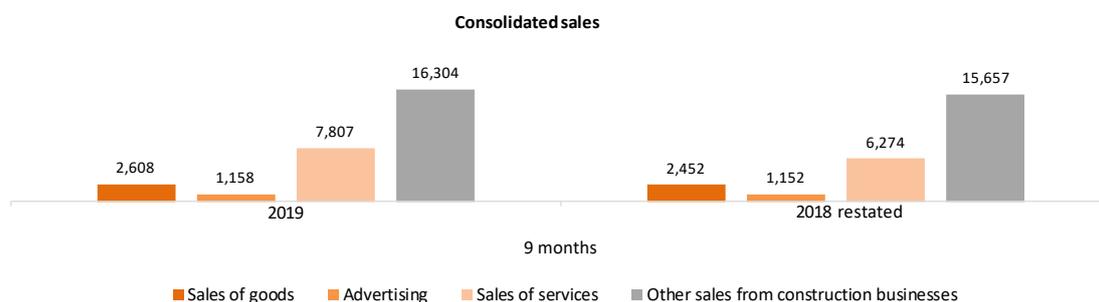

The effective tax rate for the first nine months of 2019 was 33%, versus 30% for the first nine months of 2018 restated. After applying the new rules introduced in 2019 under which the French *CICE* tax credit became taxable, the effective tax rate for the first nine months of 2018 was 33%.

## NOTE 11 SEGMENT INFORMATION

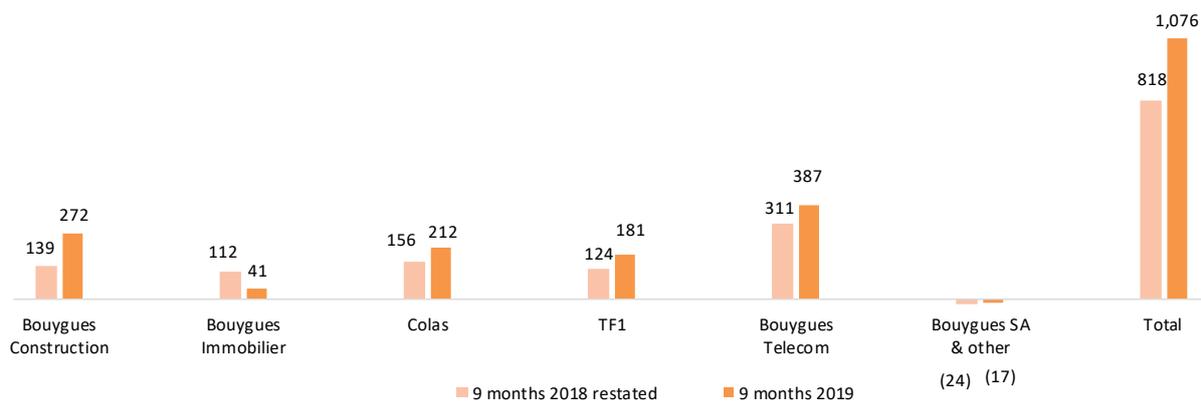

The tables below show the contribution made by each business segment to key items in the income statement, balance sheet and cash flow statement:

## **NOTE 12 OFF BALANCE SHEET COMMITMENTS**

There has been no material change in off balance sheet commitments since 31 December 2018 except for commitments under operating leases and finance leases, which are now presented within “Non-current lease obligations” and “Current lease obligations” in the balance sheet in accordance with IFRS 16.

## **NOTE 13 IMPACTS OF FIRST-TIME APPLICATION OF IFRS 16, “LEASES” AND IFRIC 23, “UNCERTAINTY OVER INCOME TAX TREATMENTS”**

This note presents the effects of first-time application of IFRS 16 and IFRIC 23 on the consolidated financial statements and key performance indicators of the Bouygues group.

The Bouygues group has applied IFRS 16 with effect from 1 January 2019, with retrospective application and presentation of a comparative year. For lessees, IFRS 16 ends the distinction previously made between operating leases and finance leases. Lessees are required to account for all leases with a term of more than one year in a manner similar to that previously specified for finance leases under IAS 17, involving the recognition of an asset for the rights, and a liability for the obligations, arising under the lease.

The Group has elected to apply the practical expedients permitted by IFRS 16 to exclude leases where the as-new value of the underlying asset is less than €5,000, and assets where the lease term is reasonably certain to be less than twelve months. Such leases are recognised in profit or loss as and when lease payments are made. The Group has also elected to account for each lease component separately, distinguishing the lease components from the non-lease (service) components.

As permitted by IFRS 16, Bouygues has not elected to apply the standard to leases of intangible assets.

The impacts on the balance sheet as of 31 December 2017 (restated for IFRS 15 and IFRS 9), and on the financial statements as of 30 September 2018 and 31 December 2018, are presented below; they relate mainly to the recognition of a right-of-use asset and a lease obligation, primarily in respect of property leases, mobile sites and optical fibres. The lease term used is the non-cancellable period of the lease, plus any extension options that the Group is reasonably certain to exercise. In the case of leases of property in France, the lease term is generally nine years. Given the absence of significant initial direct costs, the right-of-use asset equates to the present value of the future lease payments; it is amortised, and written down by means of an impairment allowance if there is an indication that it may have become impaired.

The amounts of finance lease assets and liabilities previously classified as property, plant and equipment and as debt have been reclassified to “Right of use of leased assets” and “Lease obligations” respectively. Deferred taxes have been recognised on the difference between right-of-use assets and lease obligations falling within the scope of IFRS 16, as was previously the case with finance leases.

IFRS 16 has the effect of reducing consolidated shareholders’ equity as of 31 December 2017 by €82 million (net of deferred taxes), which is €8 million more than the initial estimate published in the consolidated financial statements for the year ended 31 December 2018. The first-time application of IFRS 16 by Alstom with effect from 1 April 2019 using the simplified retrospective method had no effect on the shareholders’ equity of the Bouygues group.

Applying IFRS 16 does not alter the conclusions of the goodwill impairment tests conducted as of 31 December 2018.

The Bouygues group has applied IFRIC 23 retrospectively with effect from 1 January 2019, with no restatement of prior period comparatives on first-time application. First-time application has no impact on consolidated shareholders’ equity, and results in provisions for risks that relate to corporate income taxes being reclassified as tax liabilities. The impact of IFRIC 23 on the balance sheet as of 31 December 2018 is presented below.

## Consolidated financial statements as of 31 December 2017, restated for IFRS 16
