Outlook for 2020

On 20 February 2020, the Group disclosed its outlook for 2020 when it published its 2019 full year results.

This outlook will be affected by the impact of the Covid-19 epidemic on the Group's business segments. This impact, which cannot be quantified at the moment, will depend on many different factors, particularly, for all our business segments, the scope and duration of the epidemic, the prevention and support measures adopted by the governments concerned and whether employees are eligible for short-time working. More specifically, for our construction businesses, the impact of Covid-19 will depend on how long worksites stay shut, as well as on the availability of project owners, contractors, suppliers, service-providers and subcontractors. For our media activities (whose contribution to Group sales is limited), as announced by TF1 on 23 March 2020, the main impact will be on advertising sales.

Due to the uncertainty affecting the construction and media activities, the Group is suspending its guidance, as well as that of its business segments, until the situation becomes clearer.
