PARIS

16/02/2023

For the first time, the Bouygues group is launching the “Hello Handicap” digital job fair with all its business segments: Bouygues Construction, Bouygues Immobilier, Colas, TF1 and Bouygues Telecom

The "Hello Handicap with Bouygues" job fair platform aimed at recruiting people with disabilities opened on 16 February and offers candidates over 1,000 permanent, fixed-term and apprenticeship positions. All candidates, who apply on-line, can get a job interview from 15 to 17 March with one of the 100 Group recruitment officers who are taking part in the event.

Jean-Manuel Soussan, Bouygues group Senior Vice-President and Director of Human Resources, explained the event's importance for the Group:

"Through the “Hello Handicap” job fair, we want to recruit motivated people to join our teams for the benefit of our customers. Our priority is to hire talent from all walks of life. Then, where necessary, we will carry out the required adjustments to workstations."

This event forms part of the Group's disability policy, which is organised around four major areas: recruitment, job retention, awareness-raising, information and communication with employees and stakeholders.

Through this job fair, the Bouygues group aims to increase the number of people with disabilities hired and to ensure their successful onboarding into the company.
