Vivatech 2023 - Stand E40 Hall 1

Valeo and Equans sign a partnership to meet the challenges of cities

At a time when cities must transform to meet major challenges such as global warming, demographics and traffic density, Equans is working with local authorities in Europe and North America to design, install and maintain intelligent energy, transport and communication infrastructures. A world leader in detection and lighting systems, as well as in vehicle electrification systems and thermal systems, Valeo has the technologies to meet the challenges of tomorrow's cities.

Equans and Valeo will work together to develop new solutions and services to meet the new needs of cities, focusing on:

- A connected urban space, safer for pedestrians and cyclists, with in particular the Smart Pole, presented at Vivatech on Bouygues stand (Stand E40 Hall 1).
- Optimized operation of data centers and energy storage facilities
- Development of electric mobility with charging and V2G solutions.

Join us on June 14, 2023 at 1:15pm on the Bouygues stand (Stand E40 Hall 1) for the signing of the partnership and a Q&A session with Geoffrey Bouquot (Valeo Executive Vice President Strategy and CTO) and Thomas Jung (Equans Executive Vice President in charge of Operational Excellence, Innovation and Purchasing).

About Valeo

As a technology company and partner to all automakers and new mobility players, Valeo is innovating to make mobility cleaner, safer and smarter. Valeo enjoys technological and industrial leadership in electrification, driving assistance systems, reinvention of the interior experience and lighting everywhere. These four areas, vital to the transformation of mobility, are the Group's growth drivers.

Valeo in figures: 20 billion euros in sales in 2022 | 109,900 employees at December 31, 2022 | 29 countries, 183 plants, 21 research centers, 44 development centers, 18 distribution platforms.

Valeo is listed on the Paris Stock Exchange | www.valeo.com

About Equans:

Equans is a world leader in the energy and services sector, operating in 20 countries, with 90,000 employees* working on 5 continents and an annual turnover of more than €17 billion**.

Equans designs, installs, and delivers tailor-made solutions to improve its customers' equipment, systems and technical processes and optimize their use in the context of their energy, industrial and digital transitions. Thanks to a strong local footprint linked to its historical local brands and excellent technical know-how, Equans' highly qualified experts are able to support territories, cities, industries, and buildings in the fields of HVAC (Heating, Ventilation and Air Conditioning), Cooling and Fire Protection, Facility Management, Digital and ICT, Electrical, Mechanical and Robotics. Equans is a leader in the main European markets (France, Switzerland, Belgium, the Netherlands and the United Kingdom) and is also well-positioned in the United States and Latin America. Equans is a Bouygues Group company. www.equans.com
