Equans working on the Marseille-Ventimiglia High Performance Rail Network (HPMV) upgrading project on behalf of SNCF Réseau France

Disclaimer

This presentation contains rounded figures, forward-looking information and statements about the Bouygues group and its businesses. Forward-looking statements may be identified by the use of words such as "will", "expects", "anticipates", "future", "intends", "plans", "believes", "estimates" and similar statements.

Forward-looking statements are statements that are not historical facts.

They include, without limitation: financial projections, forecasts and estimates and their underlying assumptions; statements regarding plans, objectives and expectations with respect to future operations, products and services; and statements regarding future performance of the Group. Although the Group's senior management believes that the expectations reflected in such forward-looking statements are reasonable, investors are cautioned that forward-looking information and statements are subject to various risks and uncertainties, many of which are difficult to predict and generally beyond the control of the Group.

These risks and uncertainties could cause actual results and developments to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. Investors are cautioned that forward-looking statements are not guarantees of future performance and undue reliance should not be placed on such statements.

The following factors, among others set out in the Group's Universal Registration Document (*Document d'enregistrement universel*) in the chapter headed Risk factors (*Facteurs de risques*), could cause actual results to differ materially from projections: unfavourable developments affecting the French and international telecommunications, media, construction and property markets; the costs of complying with environmental, health and safety regulations and all other regulations with which Group companies are required to comply; the competitive situation on each of our markets; the impact of tax regulations and other current or future public regulations; exchange rate risks and other risks related to international activities; industrial and environmental risks; aggravated recession risks; compliance failure risks; brand or reputation risks; information systems risks; risks arising from current or future litigation. Except to the extent required by applicable law, the Bouygues group makes no undertaking to update or revise the projections, forecasts and other forward-looking statements contained in this presentation.

(b) Includes net non-current charges of €60m in 2025 and of €96m in 2024

Very satisfactory roll-out of the Perform plan

Sales growth of 6% over 2023-2025

(a) Equans standalone + Bouygues Energies & Services 2022

**Average annual sales growth
+2%
between 2023 and 2025**

- Equans' activities are at the heart of the environmental, digital and industrial transitions
- A selective approach to contracts strategy
- Proactive exit from non-strategic and non-performing activities, impacting sales by around -€600m over the last two years
- A wait-and-see attitude in 2025 in certain sectors of activity
- In 2025, completion of the first targeted acquisitions (representing full-year sales of around €200m)

Very satisfactory roll-out of the Perform plan

Margin from activities ahead of the targets set at the 2023 CMD

Margin from activities (%)

 Margin from activities targets set at the 2023 CMD:
2023: between 2.5% and 3.0%
2025: close to 4.0%

Margin from activities almost doubled
between end-2022 and end-2025

- 2023 margin from activities of **2.9%**, at the top end of the guided range [2.5%-3%]
- 2025 margin from activities of **4.4%**, significantly higher than the guided target of "close to 4%"
- **Positive contribution of the five drivers** (pricing, procurement, BUG killer ^(a), BPC recovery ^(b) & productivity) to the improved margin from activities

(a) BUG killer: reduction of losses on major projects
 (b) BPC recovery: turnaround of non-performing profit centres

Very satisfactory roll-out of the Perform plan

Very strong cash generation over 2023-2025

Cash conversion rate (COPA-to-cash flow) before WCR

Cash conversion rate (COPA-to-cash flow) before WCR target set at CMD 2023: between 80% and 100%

Cash conversion rate (COPA-to-cash flow) before WCR ^(a) in line with the target set at 2023 CMD (between 80% and 100%) and at the top end of the guided range in 2024 and 2025

(a) Free cash flow before cost of net debt, interest expense on lease obligations and income taxes paid

Net surplus cash (€m)

Cash generation of around €3bn since the acquisition of Equans, factoring in the payout to shareholders of around €730m between 2023 and 2025

(b) Proforma position combining Equans standalone at the closing (around -€400m) and Bouygues Energies & Services at the time of its contribution to Equans (around +€200m)

Outlook for Equans

Equans continues to roll out its strategic Plan and, for 2026, is aiming for:

Sales  **Stable** sales vs 2025, **at constant exchange rates**

Margin from activities ^(a)  Margin from activities of **5%**, a year ahead of the targets set at the 2023 CMD

Cash  A cash conversion rate (COPA-to-cash flow ^(b)) before Working Capital Requirement (WCR) of between **80% and 100%**

Equans will hold another CMD at end-2026

(a) Current operating margin from activities

(b) Free cash flow before cost of net debt, interest expense on lease obligations and income taxes paid

Current operating profit/(loss) from activities	674	795	-121
Current operating profit/(loss) ^(b)	639	769	-130
Operating profit/(loss) ^(c)	648	810	-162
Gross capital expenditure ^(d)	(1,480)	(1,541)	+61
Divestments ^(e)	393	57	+336

(a) Stable like-for-like and at constant exchange rates

(b) Includes PPA amortisation of €35m in 2025 and of €26m in 2024

(c) Includes net non-current income of €9m in 2025 and of €41m in 2024

(d) Excludes frequencies. Gross capex including frequencies: €1,480m in 2025 and €1,723m in 2024

(e) Mainly related to the disposal of assets held by Infracos for a total of €322m.

2026 outlook for Bouygues Telecom confirmed

Bouygues Telecom is targeting:

Sales billed to customers ^(a)

Close to the level of 2025

EBITDA after Leases ^(b)

And showing modest growth versus 2023, excluding La Poste Telecom

Gross capital
expenditure ^(c)

Close to **€1.3bn** (excluding frequencies), confirming a decline after the peak in capex over the last 5 years

FCF before WCR ^(d)

Around **€600m** excluding La Poste Telecom, and before impact of the income tax surcharge

FCF before WCR, including La Poste Telecom and the income tax surcharge, will be around **€500m**

Bouygues Telecom will not exercise its call option in 2026 which would give it a 51% stake in the SDAIF ^(e) joint venture

(a) Sales billed to customers is the benchmark indicator used by Bouygues Telecom. Sales from services is therefore no longer referred to

(b) As already mentioned, La Poste Telecom's contribution to EBITDA after Leases at Bouygues Telecom will reach a low close to zero in 2026 before recovering gradually in 2027, with the full effect of around €140m expected from 2028

(c) Includes expenditure related to the preparation for the migration of La Poste Telecom's Mobile customers

(d) Free cash flow after tax and interest expense and before WCR, excluding frequencies

(e) SDAIF is a joint venture 49%-owned by Bouygues Telecom and 51%-owned by Vauban Infrastructure Partners. SDAIF invests in the roll-out of fibre in Orange's part of the Medium Dense Area

(b) Down 2% like-for-like

(c) Up 6% like-for-like (JPG consolidated in Studio TF1's financial statements from Q3 2024)

2026 outlook for the TF1 group

Capitalising on its strategy, on its new digital initiatives and on its solid financial position, the TF1 group's targets are as follows:

Digital ^(a)

Strong **double-digit** revenue growth in digital in 2026

Dividends

Aim for a **growing dividend** policy in the coming years

Margin from activities

Against a backdrop of rapidly changing consumption habits and a persistently unstable macroeconomic and political environment, the linear advertising market is expected to remain under strong pressure in 2026

During this digital transition phase, the TF1 group intends to maintain in 2026:
a mid-to-high single digit margin from activities before capital gains,
subject to the evolution of the linear market

(a) Digital sales: includes TF1+ advertising revenue, as well as advertising revenue from TF1info.fr and addressable TV, and revenue from subscriptions (TF1+ Premium) and micropayments

2026 outlook for the Bouygues group

Renovation of the Pier Sixty-Six tower in Fort Lauderdale, Florida (Bouygues Construction)

- The Bouygues group's business segments are driving growth, their diversity enables the Group to grow over the long term and demonstrate sustained resilience. In a highly uncertain macroeconomic and geopolitical environment, the Group will remain agile in adapting to developments in its markets.
- For 2026, the Group is aiming for:
 - **Stable sales at constant exchange rates**
 - **Current operating profit from activities (COPA) maintained at a record high level, after several years of significant improvement**

The improvement in Equans' COPA will allow to offset the expected decline in TF1's COPA, due to the anticipated tensions in the linear TV advertising market, and in Bouygues Telecom's COPA, due to the expected increase in depreciation and amortisation.

Calendar

- **Annual General Meeting**
Thursday 23 April 2026, 3pm
- **Dividend payment**
30 April 2026, subject to approval at the Annual General Meeting
- **Q1 2026 results**

Glossary (1/2)

ABPU (Average Billing Per User)

Sales billed to customers divided by the average number of customers over the period

Churn

Churn refers to the loss of subscribers or customers over a given period. It is closely linked to the concept of customer loyalty and is used in particular by telecoms operators to refer to the rate of customers who have switched operator

FTTH (Fibre-To-The-Home)

Optical fibre from the central office (where the operator's transmission equipment is installed) all the way to homes or business premises (Arcep definition)

Sales from services (Bouygues Telecom) comprise:

- Sales billed to customers, which include:

IN MOBILE:

- For B2C customers: sales from outgoing call charges (voice, texts and data), connection fees, and value-added services
- For B2B customers: sales from outgoing call charges (voice, texts and data), connection fees, and value-added services, plus sales from business services
- Machine-To-Machine (MtoM) sales
- Visitor roaming sales
- Sales generated with Mobile Virtual Network Operators (MVNOs)

- Sales from incoming Voice and Texts

- Spreading of handset subsidies over the projected life of the customer account, required to comply with IFRS 15

- Capitalisation of connection fee sales, which is then spread over the projected life of the customer account

IN FIXED:

- For B2C customers: sales from outgoing call charges, fixed broadband services, TV services (including Video on Demand and catch-up TV), and connection fees and equipment hire
- For B2B customers: sales from outgoing call charges, fixed broadband services, TV services (including Video on Demand and catch-up TV), and connection fees and equipment hire, plus sales from business services
- Sales from bulk sales to other fixed line operators

Glossary (2/2)

Other sales (Bouygues Telecom)

Difference between the total sales of Bouygues Telecom and its sales from services. It comprises:

- Sales from handsets, accessories and other
- Roaming sales
- Non-telecom services (construction of sites or installation of FTTH lines)
- Co-financing of advertising

Free cash flow

Net cash flow (determined after (i) cost of net debt, (ii) interest expense on lease obligations and (iii) income taxes paid), minus net capital expenditure and repayments of lease obligations. It is calculated before changes in working capital requirements (WCR) related to operating activities and working capital requirements related to fixed assets

EBITDA after Leases

Current operating profit after taking account of the interest expense on lease obligations, before (i) net depreciation and amortisation expense on property, plant and equipment and intangible assets, (ii) net charges to provisions and other impairment losses, and (iii) effects of losses of control. Those effects relate to the impact of remeasuring of retained interests

Net surplus cash (+)/net debt (-)

Net debt (or net surplus cash) is obtained by aggregating cash and cash equivalents, overdrafts and short-term bank borrowings, non-current and current debt, and financial instruments

Net surplus cash/(net debt) does not include non-current and current lease obligations. A positive figure represents net surplus cash and a negative figure represents net debt

Current operating profit from activities (COPA)

Current operating profit before amortisation and impairment of intangible assets recognised in acquisitions (PPA)

Making progress become reality
